

# 2020 / 2021 Latest TUTORIALS on HOW to Load CC (Credit Cards)

Basically All you need is the Credit Card Number, You don't need any other information.

 Below are the importance of CC loading to carders, LOADERS & NOOBS

## Benefit of CC Loading For carders

- Even if you buy a Live CC with low balance from shop, you can use this method to top up the balance on the CC and then you card whatever you want ( depending on the cc limit)
- You dont need the Ssn or dob OF CC just the CC NUMBER is enough for this new method, just get CC number and send money to it that's all.
- If CC limit is \$2k, you can even load \$20k on card ( I won't advise you to do this as this is a greedy way of making money and you might not get lucky and card might backfire/ Cast so stick to the limit)

## Benefit of CC Loading For Loaders

- you can use this method to load CC about 4-5 times before CC will spoil as this method doesn't cast CC quick
- you can also use this process to load equity line of credit (you will replace CC number with equity number )
- this is the same method used to load Canada CC, Australia CC and other European CC so it is actually a 5 in 1 tutorial which u can use for all jobs!!!

## Benefit of CC Loading For Noobs

- Don't give you CC to any rude / inexperienced loader who will load and take 60%, load it Yourself and take all the money 😊🤑🤑
- Even if you have CC from USA us , Canada ca , use same method !!!
