

This method is on how to gain free US numbers very fast.

1. Go to <https://secure.tpad.com/signup/>

The image shows a web browser window displaying the Tpad account creation process. At the top, there are five tabs: '1. Signup', '2. Verify Email', '3. Set-Up Tpad', '4. Make Test Calls', and '5. Buy credit'. The '1. Signup' tab is active. Below the tabs is a yellow banner with the text 'Please complete this form to create a Tpad Account (* required)'. The form consists of several fields, each with a red asterisk indicating it is required. The fields are: First Name, Last Name, Enter a password (with a 'Password not entered' message and a hint 'Minimum 8 characters, Maximum 32'), Retype password, Address 1, Address 2, City, Zip/Postal Code, Resident Country (a dropdown menu), Your email Address, Your mobile phone number (with a hint 'Enter full international format e.g. 0092 123456789'), Your Original (Birth) Country (a dropdown menu), Main Country You Will Call To (a dropdown menu), Referral Code (with a hint '(leave blank if not referred)'), a checkbox for 'You agree to receive emails from Tpad regarding your account. Tick box if you also wish to receive offers from partners', and a dropdown menu for 'What is your MAIN reason for signing'. The form is set against a light gray background with horizontal lines separating the fields.

ACTIONS 

WELCOME TO TPAD!

There are 5 Steps to get you up and running with Tpad.

Step 1 - Signup. Completed
Step 2 - Verify Email
Step 3 - Set-up Tpad
Step 4 - Make Test Calls
Step 5 - Buy Credit

Please see step 1 and step 2 below. Steps 3 to 5 are shown in the **How To Use** section on the Tpad website and you can continue with these steps by clicking the link at the bottom of this email.

Step 1 - Signup is complete: Your new Tpad account is ready! Your Tpad number is ~~1837919386197~~.

Your password is the same as the one you set-up during the signup process. If you have forgotten it, go to Manage Account menu and click 'Forgot Password' next to the password box. You can also change your password from within Manage Accounts.

Step 2 - Verify Email. CLICK THE LINK NOW.

ACTIVATE YOUR ACCOUNT

Before you can start using Tpad to make calls you need to activate your account. Please click on the link below or copy-and-paste it into your browser.

The two popular ways of using Tpad are with a PC Softphone/headset or with a Mobile Phone (e.g. Nokia E or N series).

Option 1- Download Softphone (most users use this option)

Tpad will work with most third-party softphones on the market. We recommend this one below. Simply click to download and follow the instructions until it is installed and launched. Then enter your Tpad number and your password to use it.

Download Tpad Softphone by Global IP (Ninja Lite)

Compatible OS	Windows XP/2000/Vista/7
Size	9MB
Broadband speed	You need at least 256Kb for good quality voip calls
Setup instructions	Downloadable (PDF) • On the Tpad website

After setting up your softphone, go to the next step to make Test Calls

Option 2- Set-Up Mobile Phone e.g. Nokia

Mobile phones such as Nokia E Series and N Series can connect to the Internet and hence to Tpad by 2 methods, by Mobile Internet or by WiFi. The SIP settings of the phone need to be set to use Tpad.

Click here for details of [Mobile Phone Settings](#)

You can also set-up Tpad with other devices e.g. IP phones and ATA adaptors. See [Setup Guides](#) for details.

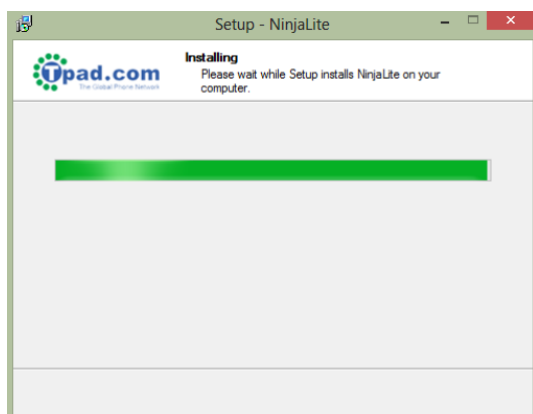

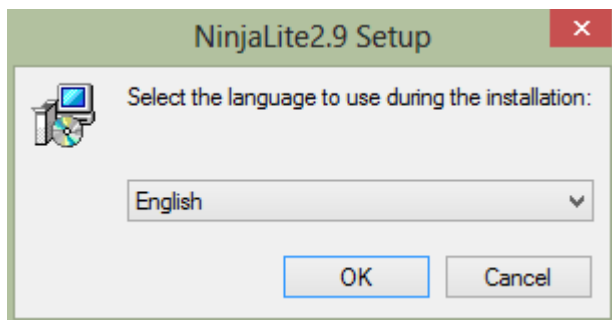

After setting up you mobile phone, go to the next step to make Test Calls

Click on the 'Download Tpad Softphone by Global IP (Ninja Lite)

A 9.8MB File should start downloading

Once downloaded, click on the tpad-ninja-softphone.exe

The file will unzip itself, accept the setup, then go ahead with the installation
