Here, various cash-back providers are used to transfer money to a CC to his or Paypal auszucashen. The cashback is at 2-5% of the purchase price, which unfortunately makes The original tutorial describes it with <http://www.ebates.com/> , but it certainly goes well with other providers. Below, I will add a list of providers.

But first time translated the tutorial:

Go to Ebates.com

Choose the tab> enter your email and password> click "Start Shopping"

Click on "My Ebates"

Click on "cashback Method "on the right side and choose from Paypal (e-mail specified)

Click on " Address, Email & Password "directly below and fill out the info

Then click " All Online Stores "(bottom) and start shopping.

(IRET: Has modified by me)

Now gecardet what it's worth. Whether it drops or not is up to you. The money will now be 99% sure (as Seller). Because of these providers is busy and you certainly can not always rely on one vendor, there is still a list of several vendors that I have found:
