what all you need?

- => 1 France PayPal, 1 Canadian Paypal and A LEGAL Paypal where you can transfer the funds or you can buy items.
- => Strong socks of the same State as you will be using the address in the FAKE PPs which you make (i prefer to use vip72.com service as it is good and quick)
- => Some minutes of your busy life :P :P

So here we start, it is a step by step guide..

1. Create two fake paypal accounts 1 of France and the other one of Canada. Use fake address and information from fakenamegenerator.com and also use STRONG SOCKS 5 of the same state and country as of the Paypals.
2. You should use STONG AND NOT BLACKLISTED SOCKS 5 as it is the most important thing in the whole cashout process.
3. So you made the fake pp now confirm your account while you get a Email from PP about the confirmation. Confirm it.
4. Note that remember to DELETE HISTORY and COOKIES when you create the France pp and then when you create Canadian PP.
5. Now when you have made the paypals, make a DONATE NOW button in your FRANCE PAYPAL. YOU SHOULD LOGIN INTO YOUR FRANCE PP, THEN GO INTO THE CATEGORY OF SOLUTIONS AND THEN YOU WILL SEE A LINK AS DONS (this means DONATE in french). Make a button from there. Choose your own currecny, and do not put in the amount.
6. When the button is created, go in the EMAIL TAB there you will get the button link some thing like this...
<https://www.paypal.com/cgi-bin/websec...=W6NXDU5AEYY9J> or you can copy the CODE and paste in your own forum or blog or site, but i will prefer to use the link like the above.
7. Save the link.
8. CLEAR the cookies and history also the flash history by opening this link
<http://www.macromedia.com/support/do...manager07.html> .
9. Now find a good Paypal with a good balance.
10. Now find the socks of the same state and country of the HACKED pp's . If you even get the socks of same city, it is never the less.
11. Now open the button link which you made in the french pp. Enter your amount, and pay through HACKED pp to it.
12. Now quickly open <https://www.paypal.com/cgi-bin/websec...ft-certificate> and choose the highest amount thats is \$500. Try to pay it by the hacked pp. If it goes fine then you get a \$500 GC of Ebay.com, use it within 5 min. Other wise it will be dead. Again try to pay with the hacked pp to a new \$500 GC. If you get a a message that " YOU MUST ADD MORE FUNDS TO YOUR PAYPAL ACCOUNT". Then your hard work is done. We are doing this because this will make the HACKED PP LIMITED ASAP/RIGHT AWAY and it will give us some extra time to cashout the funds which is the most important thing which we need. In sometime, the hacked funds which you have sent to the france pp do not get disputed for more than 24 hrs or till the time the ACTUALL OWNER OF THE PP DISPUTES. but i am sure that minimum you will always get a extra time of 10 min. It all depends on your luck or on the mood of the paypal lol.... Now, Quickly logoff the hacked pp and delete all cookies and caches.

13. Open the France pp with the strong socks which you used to create the pp account. Now you will see a transaction in the RECENT ACTIVITY area. Go will need to ACCEPT the funds which where sent from the hacked pp. Accept those funds. Now go to the SEND MONEY TAB and send the money to the 2nd fake pp of Canada. The maximum amount you should send at once must not exceed \$200 for safety .

14. Now logoff the france pp , clear the history and the cookies.

15. Change the socks to the one which you used to register the Canadian paypal. Loginto it, you will see the funds. Now You can buy any things like hosting, domain, shopping items, or anything else with it. But do all this fast. It should not take more than 7 minites. But i will suggest you not to send the money in your LEGAL PP if you are doing the method first time.

As if you missed some steps, or the socks are not strong, it can affect your real LEGAL pp.

16. After using the cash in the Canadian pp, make it limited Buy doing the same thing which you did to limit the HACKED PP that is open <https://www.paypal.com/cgi-bin/websec...ft-certificate> , choose the amount and pay using the Canadian pp, as the pp has no money, it will say " YOU MUST ADD MORE FUNDS TO YOUR PAYPAL ACCOUNT" which will make the canadian pp limited.

17. Thats it, when the original owner of the hacked pp disputes, the balance of the FRANCE PP or the balance of the CANADAIN PP will go NEGATIVE :P but this will only happen if u used a GOOD AND STRONG SOCKS 5.

NOTES:- => The SOCKS of each of the FRANCE PP, CANADIAN PP and THE HACKED PP shall be STRONG !!! AND ALSO GOOD, because if they are not, the balance will not go in negative.

=> You must clear cookies after using every different PP/

=> If you are sending money to your own Paypal Account then remember that it could be a good paypal with atleast 6 months life.

But i won't suggest you to send money in your legal pp for the first time, use the method for 5-6 times for buying items, goods and etc then try it.
