Payments processed by **PayPal**

5. Select pay with debit card ,fill the details ,now its done like this

if you have verified paypal accounts then its also good when u got a paypal account u should know the billing address for the account in billing address u can see the city and state you have to login with strong socks5 from same state of paypal otherwise no one can get benefit from the account and it will get limited Now wait for the shipping

Tips:

- 1.Use accounts with high feedback more than 100
- 2.Use debit ccs(visa and mastercard only)
- 3.Remember to clear cookis and data hosted each times
- 4.You can ask seller first before making transaction like you have to gift this item on this date so you can ship this today so you can get idea when it will be shipped
- 5.Check the ebay accounts feedback always make sure its 1 year from the last feedback
- 6.Always try to use ccs via guest checkout on ebay
- 7.Paypal accounts suck so always keep that as a last option
- 8.Choose items around 500-800 euros always so you will be succesfull higher amounts can go in process
- 9.Choose socks that are providers of internet in your country
- 10.Card only to same country
- 11.Choosing an old items is a better idea they are always in a hurry to sell those items as soon as possible
- 12.When you open ip-score.com make sure your timezone also matches the system and socks5 thats

how to do ebay
