

CASHOUT PUBLIC CC 100% FREE AND

WORKING

BY SINGBA3

1 - go to [Here](#) and sign up an account with your real informations because they will be needed for the withdraw of your money.

2 - start creating an event. and make sure to use correct coordinates of the place when the event is going to happen.

3 - while setting your tickets, put very normal prices like 96\$ because with these small prices all cc will be live and approved.

4 - and set the minimum of tickets buyable per person to be 2 or let it at 1 , it depends on you.

5 - now go to [Here](#)

6 - now clean all your cookies and start buying your own tickets while using the informations of the site above but make sure to use you socks or vpn. and do not buy twice with the same cc. what I mean here is you should buy maximum 2 tickets with the same cc, otherwise they can ban you.

REMINDER

payments happen 5 days after the end of the event by bank transfer.

do not forget that , any error you make can make you got banned , so be careful while

you doing this. do not open the organizing account many times. per day just open it once to control who bought a ticket.
