

Carding Method | Wish in 2021

Now I will tell you about two methods of a thorn. They can be found in the public domain, but you need to try

Accounts

There are 2 types of Wish accounts:

1 - Wish Cash. This is the balance that was returned for the goods that have already arrived, which excludes the "Bottle".

2 - Drive in. This is the balance obtained from the account holder's card, which does not exclude the "Bottle". I do not recommend using such accounts!

You can buy accounts on forums, tg stores and just online shops.

The first method of ReShip

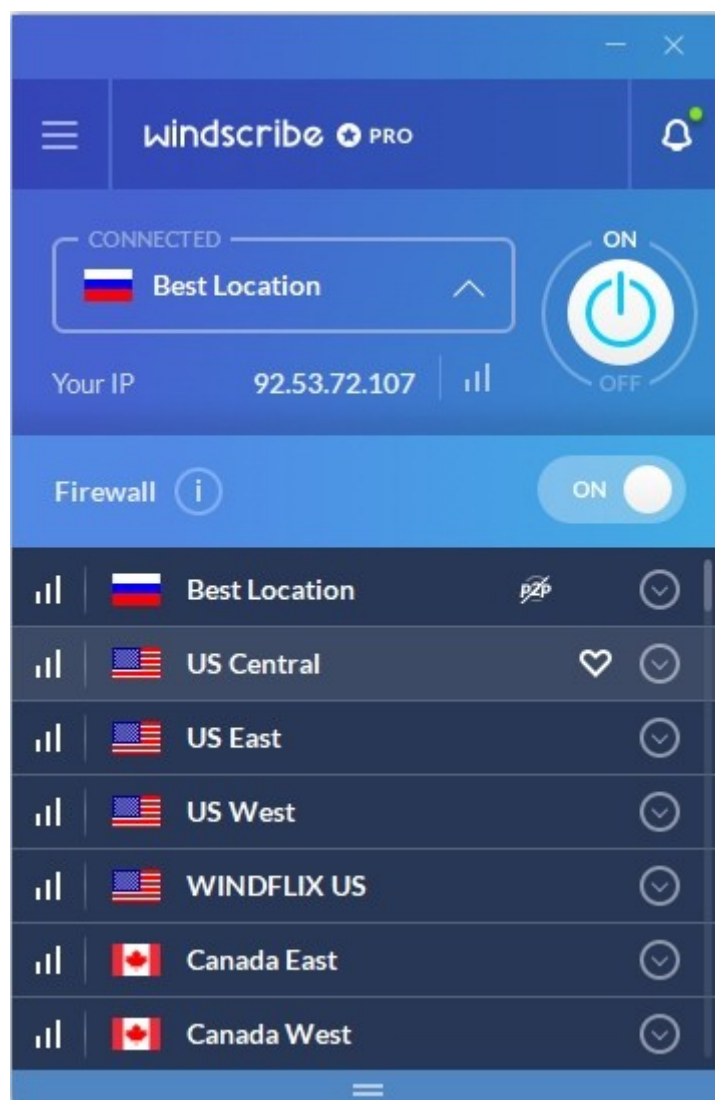

This method has a major drawback .. The goods can go to the account country. But the main plus is that he has no investment and will live forever !!!

the method is almost copy-paste from another article, but I'm just too lazy to make screenshots))

1 - Open Google Chrome in incognito mode (CTRL + SHIFT + N).

2 - Turn on the VPN of the country, which account. (I recommend Vpn windscribe or Nord vpn)

(Carding and rejoice)

3 - Go to your account.

3.1 - After refuse the tablets (If you bought an account with a balance, then skip this step).

Customer Reviews [Show More](#)

From accounts over 100 bucks, it's better not to carding.

That's it .. now you rub a ship and you can spike for 20-25% of the cost for schoolchildren. Or you can cut the money yourself on the sale of things.
