

HOW TO LOAD ANY PREPAID CARD WITH DIRECT DEPOSIT

METHOD PART 1

Hello there, so today am going to teach you guys the easiest way to load a prepaid card using the direct deposit method.

One important thing y'all need to realize is that online jobs are seasonal and so if you want to stay making money online, you also need to be dynamic and not spend all your life on one method. For example, back in the days it was quite easy to generate a cc information to use for carding but these days such shit don't work no more; likewise it was easy back in the 2010s to be loading an account with mobile deposit and Ach, we could even use any info to create check and will still reflect buh these days even live checks don't reflect, some get placed on hold and some even charge back b4 client is able to withdraw money; these days 3rd party site like mint all ask for email or phone verification b4 you can check micro deposit for ach transfer, and so loaders who do only these 2 types of jobs always end up messing up people's account and make peanut from all the efforts. MD and ach is the easiest way to lose ur client or get her arrested cos bank will lock her account after charge back and she will be in big trouble.

Now you can only call yourself a real loader if you can do any of these jobs bcoz these jobs don't charge back and you can make over \$50k with them

1. Alibaba Wire transfer
2. BEC transfer (business Email Compromise)
3. Swift Code wire / Bank wire transfer
4. Server to Server / IP to IP transfer
5. DIRECT DEPOSIT transfer

And today am gonna teach y'all how to use Direct deposit to load your prepaid cards and you can also use same method to load th bank account and it doesn't charge back,only thing owner of log can do is curse you for making him lose thishuge amount money and I don't think white people know how to curse lol.

DIRECT DEPOSIT TUT

Even tho the name sounds a bit tough,it very easy to do and is all about adding the receiver or person to receive the money as "payee" and then sending payment to that "payee". All banks have bill pay options but only a few banks like Huntington,Woodforest,USAA,bluefcu,indianafcu etc. have direct deposit option in addition to their bill payment.So nough of the plenty talking, let start with the money making tutorial:

Prepaid TopUP tutorial is divided into 2 parts

PARTS 1: How to Add Prepaid Card info as the Payee

PARTS 2: How to make payment to the Prepaid Card/Payee

- 1.First of all, you can connect your socks or rdp or vpn and

5. This is how the homepage/dashboard looks like after you have successfully logged in.

The screenshot shows the Huntington Bank online banking dashboard. At the top, there is a green navigation bar with links: THE HUB, TRANSFERS, PAYMENTS, SERVICE CENTER, and LOG OUT. Below the navigation bar, a green banner says "Welcome JOHNNY". A white pop-up box titled "Take control of your money with Spend SetterSM." contains a message about creating a grocery budget and two buttons: "Got it" and "Get Started". Below the banner, it says "Last log in 03/23/2020 at 1:57 p.m. ET". The main section is titled "My Accounts" and includes a "Print Page" link. It displays a table of accounts:

CASH		\$54,510.00
Asterisk-Free Checking ... 6868 >	Today's Beginning Balance \$54,500.00	Account Balance \$54,500.00
Huntington Relationship Savings ... 9434 >	Today's Beginning Balance \$10.00	Account Balance \$10.00

At the bottom, there is a green bar with "Ask Us" and a logo. Below that, a dark blue bar contains links: "Spend Analysis", "Asterisk-Free Check ... 6868", "Spend Setter", and "Asterisk-Free Check ... 6868".

8.Click on the payee Type, and choose **Pay a person**

9.Fill the info as have done below, with the name you can put any name there, doesn't really matter, put your client phone number there. Now here is the trick: Tick the small box there, that the option for Direct deposit and it only banks which do direct deposit that gives this option.

10.After you have ticked the small box, you will be asked to input the Account number and routine number of the prepaid card, this is because electronic payment is sent directly to the prepaid card.

Bill Pay
When you schedule a payment before 4:00 p.m. ET on a typical weekday (i.e., a business day), the money is withdrawn and sent to your payee same day. After 4:00 p.m. ET or on weekends and federal holidays, the money is withdrawn and sent the following business day.

What does "Deliver By" mean?
The date we anticipate your payment will reach your payee. As a guideline, we say that's up to 2 business days for electronic payments and up to 5 business days for mail payments.
