

This is a simple tutorial for exchanging hacked paypals to Bitcoins.

#### Requirements:

- VIP72 VPN or other good VPN
- Some hacked paypals
- VBA(Virtual Bank Account) with FAKE infos
- 1 unveridied and 1 verified fake paypal
- 1-2 hour Image result for HACK PAYPAL TO BITCOIN PART 1: PayPal cahsout
- 1.Clear cookies, use VPN and create 1 fake ppl with VBA and VERIFY it!
- 2.Clear cookies, chanege to random VPN and create 1 unverified fake paypal.(Wait 30min)
- 4.Send 50\$ till you limit the hacked paypal.
- 7.Clear cookies, change VPN to verified fake paypal and withdraw to VBA.
- 8.Wait 3-4 days and cross fingers. You should get your money!

#### PART 2: VBA usage

Part 1 is anonymus since you didn't used any personal info and you did hide your IP!

- If you ordered to your real house, you are fucked.
- If you used Wester Union for yourself, you are fucked.
- If you done anything that can be associated with you, you are really fucked.

So how to be competelly anonymus?!

Buy Bitcoins! All exchangers accept WU, why you should risk yourself?

- 1.Clear cookies, use verfied fake paypal VPN!
- 2.Register to WU with the fake VBA details.
- 3.Send money to exchanger and get BTC.
