https://www.facebook.com/groups/tagging.Yasir/

(INFORMATION ABOUT TAGGING GROUPS : Tagging groups is a palce where
facebook fan pages admin promote
there pages by tag there pages URL in each other pages)

Step 9 - After searching send request to join groups ..some thing about
12-13 groups

Step 10 - When you request accepted in groups just post your server link
text nd spam ..

Step 11 - Create Events in group and spam your server link text

Step 12 - Spam in comments and every where .. and daily send request to
new searching groups !!

You're done !! After this alot of people download your server .. and try
to run in there PC ! and you got
there facebook accounts log !!

Login to there accounts and make your ID as administrator and delete the
orignal admin from page !!

Thats it !!

After getting pages sale then in high prices ! alot of guys purchase 30k
,40k 50k pages in 30,40,50$
Its a best way to earn nd make mone y! i already done more then 80K money
by selling facebook fan pages !!

Now i left this work and doing my own bussniss and also there is shortage
of time ! thats why i m providing this method
to you guys ! Enjoy :)
